

## Athens A Dawn of Democracy

1. Who was the world's first super power?
2. What was the acropolis?
3. What did Athenians do at the agora?
4. What was a hoplite?
5. What is a tyrant?
6. What happened when the aristocrats tried to take power back away from the poor?
7. How were the people chosen to be on the senate?
8. What happened that made the people of Athens rich?
9. Where did most slaves come from?
10. What made a person a citizen of Athens?
11. How were women forced to dress in Athens?
12. What did Athenians call the people who did not vote?
13. Why was "spin" important to Athenians? What was it?

14. What did Athenians do with all of the silver?
15. Why did the Athenians believe they were able to beat the Persians?
16. What happened to someone when the people believed a politician was growing too powerful?
17. Why did building on the neutral site of Delos stop?
18. Why was grain considered the “oil” of the ancient world? So much so, that Athens would charge the other city-states grain as a tax instead of silver for protecting the money and weapons of the Delian League?
19. How did Pericles defend his idea of building the Parthenon?
20. Why is it hard for the people of Greece to think of their “golden age” as a time of blood and war?
