Know imperialism...

Fill out the table as you hear groups about imperialism.

	Britain	Japan	Belgium	France
<p>Policies (include the location being imperialized)</p> <p>Answer the questions: what was it like when that country imperialized another country? Why did they do it? How did things change? What were their motives?</p>				
<p>Short and long term impacts in the countries being imperialized.</p> <p>For each country that was imperialized: What happened immediately when they were imperialized? How has that impacted this country over the long run?</p>				

Individual questions

1. Why is difficult to describe what imperialism was?
2. Overall, what would you say was the impact of imperialism on human history?
